

PAUTA ACTIVIDADES: INICIO DE ECUACIONES

1. En las siguientes balanzas determine el valor pedido, si la esfera equivale a 1 unidad.

a.

 = 3

b.

 = 6

c.

 = 3

d.

 = 2

2. **Escriba una ecuación** que represente las balanzas anteriores y luego resuelva. Guíese por el ejemplo.

a.

b.

c.

3. Una con una línea la ecuación con su respectiva solución.

a. $x + 5 = 9$ 8

b. $y + 4 = 12$ 2

c. $7 + p = 9$ 3

d. $k + 10 = 13$ 11

e. $17 = m + 6$ 4

4. **Un juego:** Observe las siguientes balanzas y diga qué animales hay que poner en para que se mantenga equilibrada.
